Who it is for

Beginners, ages 6 and up. A ten-week introductory course taught by student coaches. No experience needed — players learn how the pieces move, how to read a game, and the tactics that decide most junior games. Every session ends with a played game.

What we cover

- 01 Board setup, piece movement and capturing
- 02 Special moves: castling, en passant, promotion
- 03 Check, checkmate and the object of the game
- 04 Algebraic notation and recording a game
- 05 Opening principles and simple strategy
- 06 Forks, pins, skewers and discovered attacks
- 07 Problem solving and practice games
